

# Flora of Nepal (Revised scheme)

(Volume order according to Englerian system, Flowering Plant Families within the volume according to APG IV)

## **Volume 1 (2021/2022) NEP**

Introduction

Ferns and allies

Gymnosperms

## **Volume 2**

Nymphaeaceae (2/6)

Saururaceae (1/1)

Piperaceae (2/10)

Aristolochiaceae (2/6)

Chloranthaceae (1/1)

Lardizabalaceae (2/3)

Menispermaceae (7/15)

Berberidaceae (3/24)

Ranunculaceae (20/167)

Nelumbonaceae (1/1)

Proteaceae (2/2)

Paeoniaceae (1/1)

Ulmaceae (2/4)

Cannabaceae (3/8)

Moraceae (6/48)

Urticaceae (17/65)

Fagaceae (4/16)

Myricaceae (1/1)

Juglandaceae (2/2)

Casuarinaceae (1/1)

Betulaceae (incl. *Corylaceae*, 4/8)

Podostemaceae (1/1)

Salicaceae (7/46)

Olacaceae (2/2)

Opiliaceae (2/2)

Balanophoraceae (2/4)

Santalaceae (7/16)

Schoepfiaceae (1/1)

Loranthaceae (7/13)

Polygonaceae (12/119)

Caryophyllaceae (16/82)

Amaranthaceae (incl. *Chenopodiaceae*, 27/58)

Aizoaceae (2/2)

Phytolaccaceae (1/3)

Nyctaginaceae (4/5)

Molluginaceae (2/4)

Basellaceae (2/2)

Talinaceae (1/1)

Portulacaceae (1/2)

Cactaceae (3/3)

## **Volume 3 (2011) PUBLISHED**

Schisandraceae (2/4)

Myristicaceae (3/3)

Magnoliaceae (1/9)

Annonaceae (7/12)

Lauraceae (11/47)

Trochodendraceae (*Tetracentraceae*, 1/1)

Papaveraceae (incl. *Fumariaceae*, 9/83)

Circaeasteraceae (1/1)

Hamamelidaceae (1/1)

Grossulariaceae (1/7)

Saxifragaceae (7/108)

Crassulaceae (8/45)

Rosaceae (28/162)

Moringaceae (1/1)

Capparaceae (2/7)

Cleomaceae (5/5)

Brassicaceae (34/104)

Droseraceae (1/2)

Hydrangeaceae (4/8)

Pittosporaceae (1/1)

## **Volume 4 (2021/22) JPN**

Buxaceae (2/6)

Daphniphyllaceae (1/2)

Zygophyllaceae (1/1)

Fabaceae (93/322)

Polygalaceae (3/13)

Geraniaceae (2/14)

Rhamnaceae (10/31)

Coriariaceae (1/2)

Celastraceae (incl. *Parnassiaceae*, 8/28)

Centroplacaceae (1/1)  
Oxalidaceae (3/11)  
Putranjivaceae (1/1)  
Malpighiaceae (2/3)  
Achariaceae (1/1)  
Euphorbiaceae (21/53)  
Phyllanthaceae (11/40)  
Linaceae (3/4)  
Staphyleaceae (2/3)  
Stachyuraceae (1/1)  
Burseraeae (1/1)  
Anacardiaceae (15/21)  
Sapindaceae (incl. *Aceraceae*,  
*Hippocastanaceae*, 7/20)  
Rutaceae (15/38)  
Simaroubaceae (2/3)  
Meliaceae (10/13)  
Tropaeolaceae (1/1)  
Icacinaceae (1/1)  
Helwingiaceae (1/1)  
Aquifoliaceae (1/9)

#### **Volume 5**

Sabiaceae (2/9)  
Dilleniaceae (1/4)  
Haloragaceae (1/1)  
Vitaceae (incl. *Leeaceae*, 9/37)  
Elaeagnaceae (2/7)  
Cucurbitaceae (23/39)  
Tetramelaceae (1/1)  
Datiscaceae (1/1)  
Begoniaceae (1/22)  
Elaeocarpaceae (2/8)  
Rhizophoraceae (1/1)  
Ochnaceae (1/2)  
Clusiaceae (1/2)  
Calophyllaceae (1/1)  
Hypericaceae (Guttiferae, 1/15)  
Elatinaceae (2/2)  
Violaceae (1/16)  
Passifloraceae (1/4)  
Combretaceae (3/11)  
Lythraceae (*Sonneratiaceae*, *Punicaceae*,  
*Trapaceae*, 9/19)  
Onagraceae (5/28)  
Myrtaceae (4/17)

Melastomataceae (6/12)  
Malvaceae (*Tiliaceae*, *Bombacaceae*,  
Sterculiaceae, 27/78)  
Thymelaeaceae (4/7)  
Bixaceae (1/1)  
Dipterocarpaceae (1/1)  
Caricaceae (1/1)  
Resedaceae (1/1)  
Tamaricaceae (2/5)  
Cornaceae (incl. *Alangiaceae*, 2/7)  
Balsaminaceae (1/52)  
Lecythidaceae (2/3)  
Pentaphragaceae (3/5)  
Theaceae (2/5)  
Diapensiaceae (1/1)  
Actinidiaceae (incl. *Saurauiaceae*, 2/5)  
Toricelliaceae (1/1)  
Araliaceae (12/22)  
Apiaceae (53/143)

#### **Volume 6**

Plumbaginaceae (2/3)  
Polemoniaceae (2/2)  
Sapotaceae (2/2)  
Ebenaceae (1/5)  
Primulaceae (incl. *Myrsinaceae*, 10/112)  
Symplocaceae (1/9)  
Styracaceae (2/4)  
Ericaceae (incl. *Pyrolaceae*, *Monotropaceae*,  
12/64)  
Gentianaceae (16/110)  
Loganiaceae (4/5)  
Apocynaceae (incl. *Asclepiadaceae*, 43/82)  
Convolvulaceae (12/47)  
Solanaceae (17/50)  
Oleaceae (9/32)

#### **Volume 7 (2021/22) UK**

Boraginaceae (incl. *Hydrophyllaceae*,  
*Cordiaceae*, 24/65)  
Carlemanniaceae (1/1)  
Calceolariaceae (1/1)  
Gesneriaceae (11/31)  
Plantaginaceae (incl. *Callitrichaceae*,  
Hippuridaceae, 20/53)  
Scrophulariaceae (6/19)

Linderniaceae (5/20)  
Martyniaceae (1/1)  
Pedaliaceae (1/1)  
Acanthaceae (25/76)  
Bignoniaceae (10/15)  
Lentibulariaceae (2/13)  
Verbenaceae (4/5)  
Lamiaceae (56/181)  
Mazaceae (1/3)  
Phrymaceae (3/5)  
Orobanchaceae (13/96)

### **Volume 8**

Rubiaceae (45/113)  
Sphenocleaceae (1/1)  
Hydroleaceae (1/1)  
Campanulaceae (11/52)  
Menyanthaceae (2/3)  
Asteraceae (127/425)  
Adoxaceae (*Sambucaceae*, 2/11)  
Caprifoliaceae (incl. *Valerianaceae*,  
*Dipsacaceae*, 12/38)

### **Volume 9**

Cyperaceae (21/220)  
Poaceae (134/446)

### **Volume 10 (2021/22) NEP**

#### **Part 1**

##### **Acorales**

Acoraceae (1/1)

##### **Alismatales**

Araceae (17/42)

Alismataceae (3/4)

Butomaceae (1/1)

Hydrocharitaceae (6/10)

Aponogetonaceae (1/1)  
Juncaginaceae (1/2)  
Potamogetonaceae (3/11)

##### **Dioscoreales**

Nartheciaceae (1/4)

Burmanniaceae (1/3)

Dioscoreaceae (1/13)

##### **Pandanales**

Pandanaceae (1/3)

##### **Liliales**

Melanthiaceae (3/6)

Colchicaceae (3/4)

Smilacaceae (2/17)

Liliaceae (10/22)

##### **Asparagales**

Hypoxidaceae (2/5)

Iridaceae (2/7)

Amaryllidaceae (5/16)

Asparagaceae (12/38)

##### **Arecales**

Arecaceae (10/16)

##### **Commelinales**

Commelinaceae (9/26)

Pontederiaceae (2/3)

##### **Zingiberales**

Musaceae (2/2)

Cannaceae (1/1)

Costaceae (2/2)

Zingiberaceae (11/41)

Typhaceae (1/2)

Xyridaceae (1/2)

Eriocaulaceae (1/13)

Juncaceae (2/48)

##### **Part 2 (480 species)**

Orchidaceae (112/480)
